

ART 320L //

6/25/22

Deliverables:

- AE
- WORLD MAP POST - By next meeting.
- Research Paper requirement (on google docs).
- ↳ going over today.

Assignment:

- Post notes on pin-up space TODAY!

[from the studio info]

- finalize 2 buildings
- approve w/ Prof. Brooks
- start research (avery index - UT lib page).
- ↳ focus on technical content // not just aesthetic <
- organize images w/ letters or numbers that would correspond the source; so it's easy to locate - & connect with the articles.
- \* CHOOSE BIG images!

VIDEO LINKS:

Articles w/ special content

1 Article w/ many drawings  
↳ hyperlink

↳ VIDEO LINKS

- 1 VIDEO ABOUT ...
- 2 VIDEO OF ...

↳ hyperlink

A/E / C TEAM

Red → most important to find.

- ALSO: owner / developer
- \* LIST OFFICES - not actual people on the team.
- Design Arch → often a famous firm (NOT in city).
- Executive Architect - local Arch.
  - ↳ Arch. on REWARD.
  - ↳ specialize on codes in city
  - Bldg is in // local. produce drawings w/ Design Arch.

When searching images: [GO TO TOOLS]

↳ size: LARGE

ALSO

- not just aesthetic / look for construction photos, plans, etc.

~ 4 images for blog.

levels etc.

- ground floor PLAN. Diagrams.
- Aerial PICS

Shift Return  
↳ guarantees that when you copy & paste it on blog - it won't have a huge space

## First Image

↳ overall scope of project  
(aerial / something one would notice).

hyperlinked →  
LIST CREDIT → Images: [1, 2, 3, 4...]

## Next 3 Images → UP TO YOU

\* use BLOCK: COLUMNS   
(for images)

Each image should tell a  
different story → That ties  
to Arch. Engineering!

## TITLE:

NAME OF PROJ - CITY, COUNTRY

(name, space, dash, space, city...)

→ have the address!

↳ Double check, in GOOGLE MAPS;  
satellite — that building IS there.

## INTERESTS

Articles: [1, 2, 3...]

VIDEO: [1, 2, ...]

↳ professionally produced  
- That explains building -

## 2nd Page → Bibliography

→ use footnotes.
